Punganur

SUMMARY

Detail-oriented software engineering student with a focus on algorithms and programming, showcasing good academic performance and confidence. Eager to apply skills and enthusiasm in a professional IT setting to further enhance knowledge and contribute effectively.

EDUCATION

Bachelor of Technology, Computer Science

SASTRA Deemed University

2021 - Present Thanjavur

GPA

8.69 / 10

Intermediate

The Narayana Group

2019 - 2021 Tirupathi

PERCENTAGE

97.4 / 100

10th Grade

Rayalaseema Children's Academy

2018 - 2019 Punganur

GPA

9.8 / 10

SKILLS

Python C/C++ HTML CSS JAVASCRIPT JAVA
SQL MONGO-DB EXCEL

PROJECTS

FAKE NEWS DETECTION USING MACHINE LEARNING

- The model was trained using two datasets containing fake and true news. Various machine learning algorithms were then employed to determine which one provides better accuracy in detecting fake news on new test data.
- Developed a web application with Django backend and HTML, CSS, and JavaScript frontend. Users can select a model, input text, and view the result (fake or real) on the page, with a "Home" button to reset selections.

STUDENT MANAGEMENT SYSTEM

- Developed a student management system using Django, HTML, CSS, and JavaScript.
- The system facilitates management of student records, courses, grades, and other related information through a user-friendly web interface.
